

# Blendcor Earth Day 2023

**HSSE Department**

Earth Day is an annual event celebrated around the world on the 22 April. Blendcor commemorated this special event on the 21st April 2023.

"Invest in our planet" was the focus of the 2023 Earth Day celebration. We must maintain these things in order for the planet to exist, as well as work with it so that we might live in peace with it rather than in opposition to it.

**INVEST IN OUR PLANET**

# Sustainable Fashion Hat Competition

## Teams participation

- Each Department had to compete as a team.
- On Friday, April 14th, a simple white hat was presented to each Department.
- Recyclable/natural materials used to decorate the hat.
- Competition ended on Friday the 21st of April at 1pm.
- A prize presented to the department with the most creatively designed hat.
- Prize: Eco-friendly Gifted pack per person in the department.

## LUCKY DRAW COMPETITION

- We had a quiz on Earth Day with questions based on the posters that have been put all around the site.
- A Prize awarded to the 1st name drawn from the box with a 100% correct quiz sheet.
- UP FOR GRABS— A Slim Line Jojo Tank (750 Litre).

# Competition winners

On April 22, 2023, Blendcor celebrated Earth Day. We would like to express our gratitude to everyone who took part in the celebration and made it successful.

Picture: Wonder Cele & Senzo Sicwebu

We want to congratulate our winners, The Laboratory team and Senzo Sicwebu, who took first place in the decorate-a-hat contest and second place in the lucky draw quiz, respectively.

Each team who took part in the decorate-a-hat competition but did not place will be given a gift. A 750L JoJo tank belongs to Senzo.
